

## Emergencies...

- If you have a dental emergency within working hours please telephone the practice. Most emergency appointments are allocated early on in the day, so to prevent disappointment please ring at 9am.
- If you have a dental emergency outside normal working hours please telephone the practice on **01629 812991** and listen for your options, this will give you instructions on what to do next. Any patient can telephone the NHS helpline on 111 for advice.
- We provide an out of hours emergency service, call outs are charged at £165 and any treatment carried out will be on top of this (included free of charge for patients with Denplan supplementary insurance).

## Payment Options...

***At this practice we require patients to pay for their dental treatment on the day they receive it.***

New Patients are required to pay a deposit prior to their appointment, this will be deducted off the cost of your treatment if you attend.

We accept the following methods of payments: cash and Apple pay, all major credit and debit cards. (excluding American Express and Solo).

Patients that fail to pay their accounts will be refused further treatment at this practice, their debt will be passed on to a small claims court for recovery, and their fees will be added onto the outstanding account.
